Year of planting: 2010;

Training System: spurred-cordon;

Densità di impianto: 3.700 ceppi / ha;

Hectars: 1,5 ha;

Yield per Hectar: 60 qli.

WINEMAKING PROCESS

Harvesting: Last selection on the vines of the grapes destined to the reserve. Hand-picked slightly late harvest of the grapes in small boxes.

Winemaking Techniques: Natural fermentation of must and skins in controlled temperature steel tanks. Daily handmade remounts respectful of skins compactness and lightly maceration at the end of fermentation. Soft pressed of the marcs

Ageing: the wine is initially aged in steel tanks for about 3 months, followed by a period of at least 24 months in oak barrels of 10 or 15 hectoliters and in the bottle.

TASTING NOTES

A deep and almost impenetrable ruby red color fills the glass. An inviting bouquet is created by complex and exciting aromas, such as cherries in spirit, dried flowers, enamel, wax, eucalyptus, bark, humus and woody notes.

The first sip greets you with a full, intense, warm, soft body, integrated with a beautiful, dense and elegant tannin.

Its lengthy and engaging palate finishes with fruity and balsamic notes.

FOOD MATCHINGS

Thick and gastronomic wine, it goes very well with elaborate dishes: BBQ ribs, beef steak with porcini mushrooms, stews and game (pheasant, hare, wild boar).

PACKAGING

Available format	Type of bottle	Volume	Bottle size (H x Ø)	N° bottle for packaging	Packaging (WxDxH)	Packaging weight
